ON MONDAYS
IN AUDITORIUM 46.1**

**ALL STUDENTS ARE WELCOME,
NO REGISTRATION NECESSARY
SNAKS AND DRINKS INCLUDED**

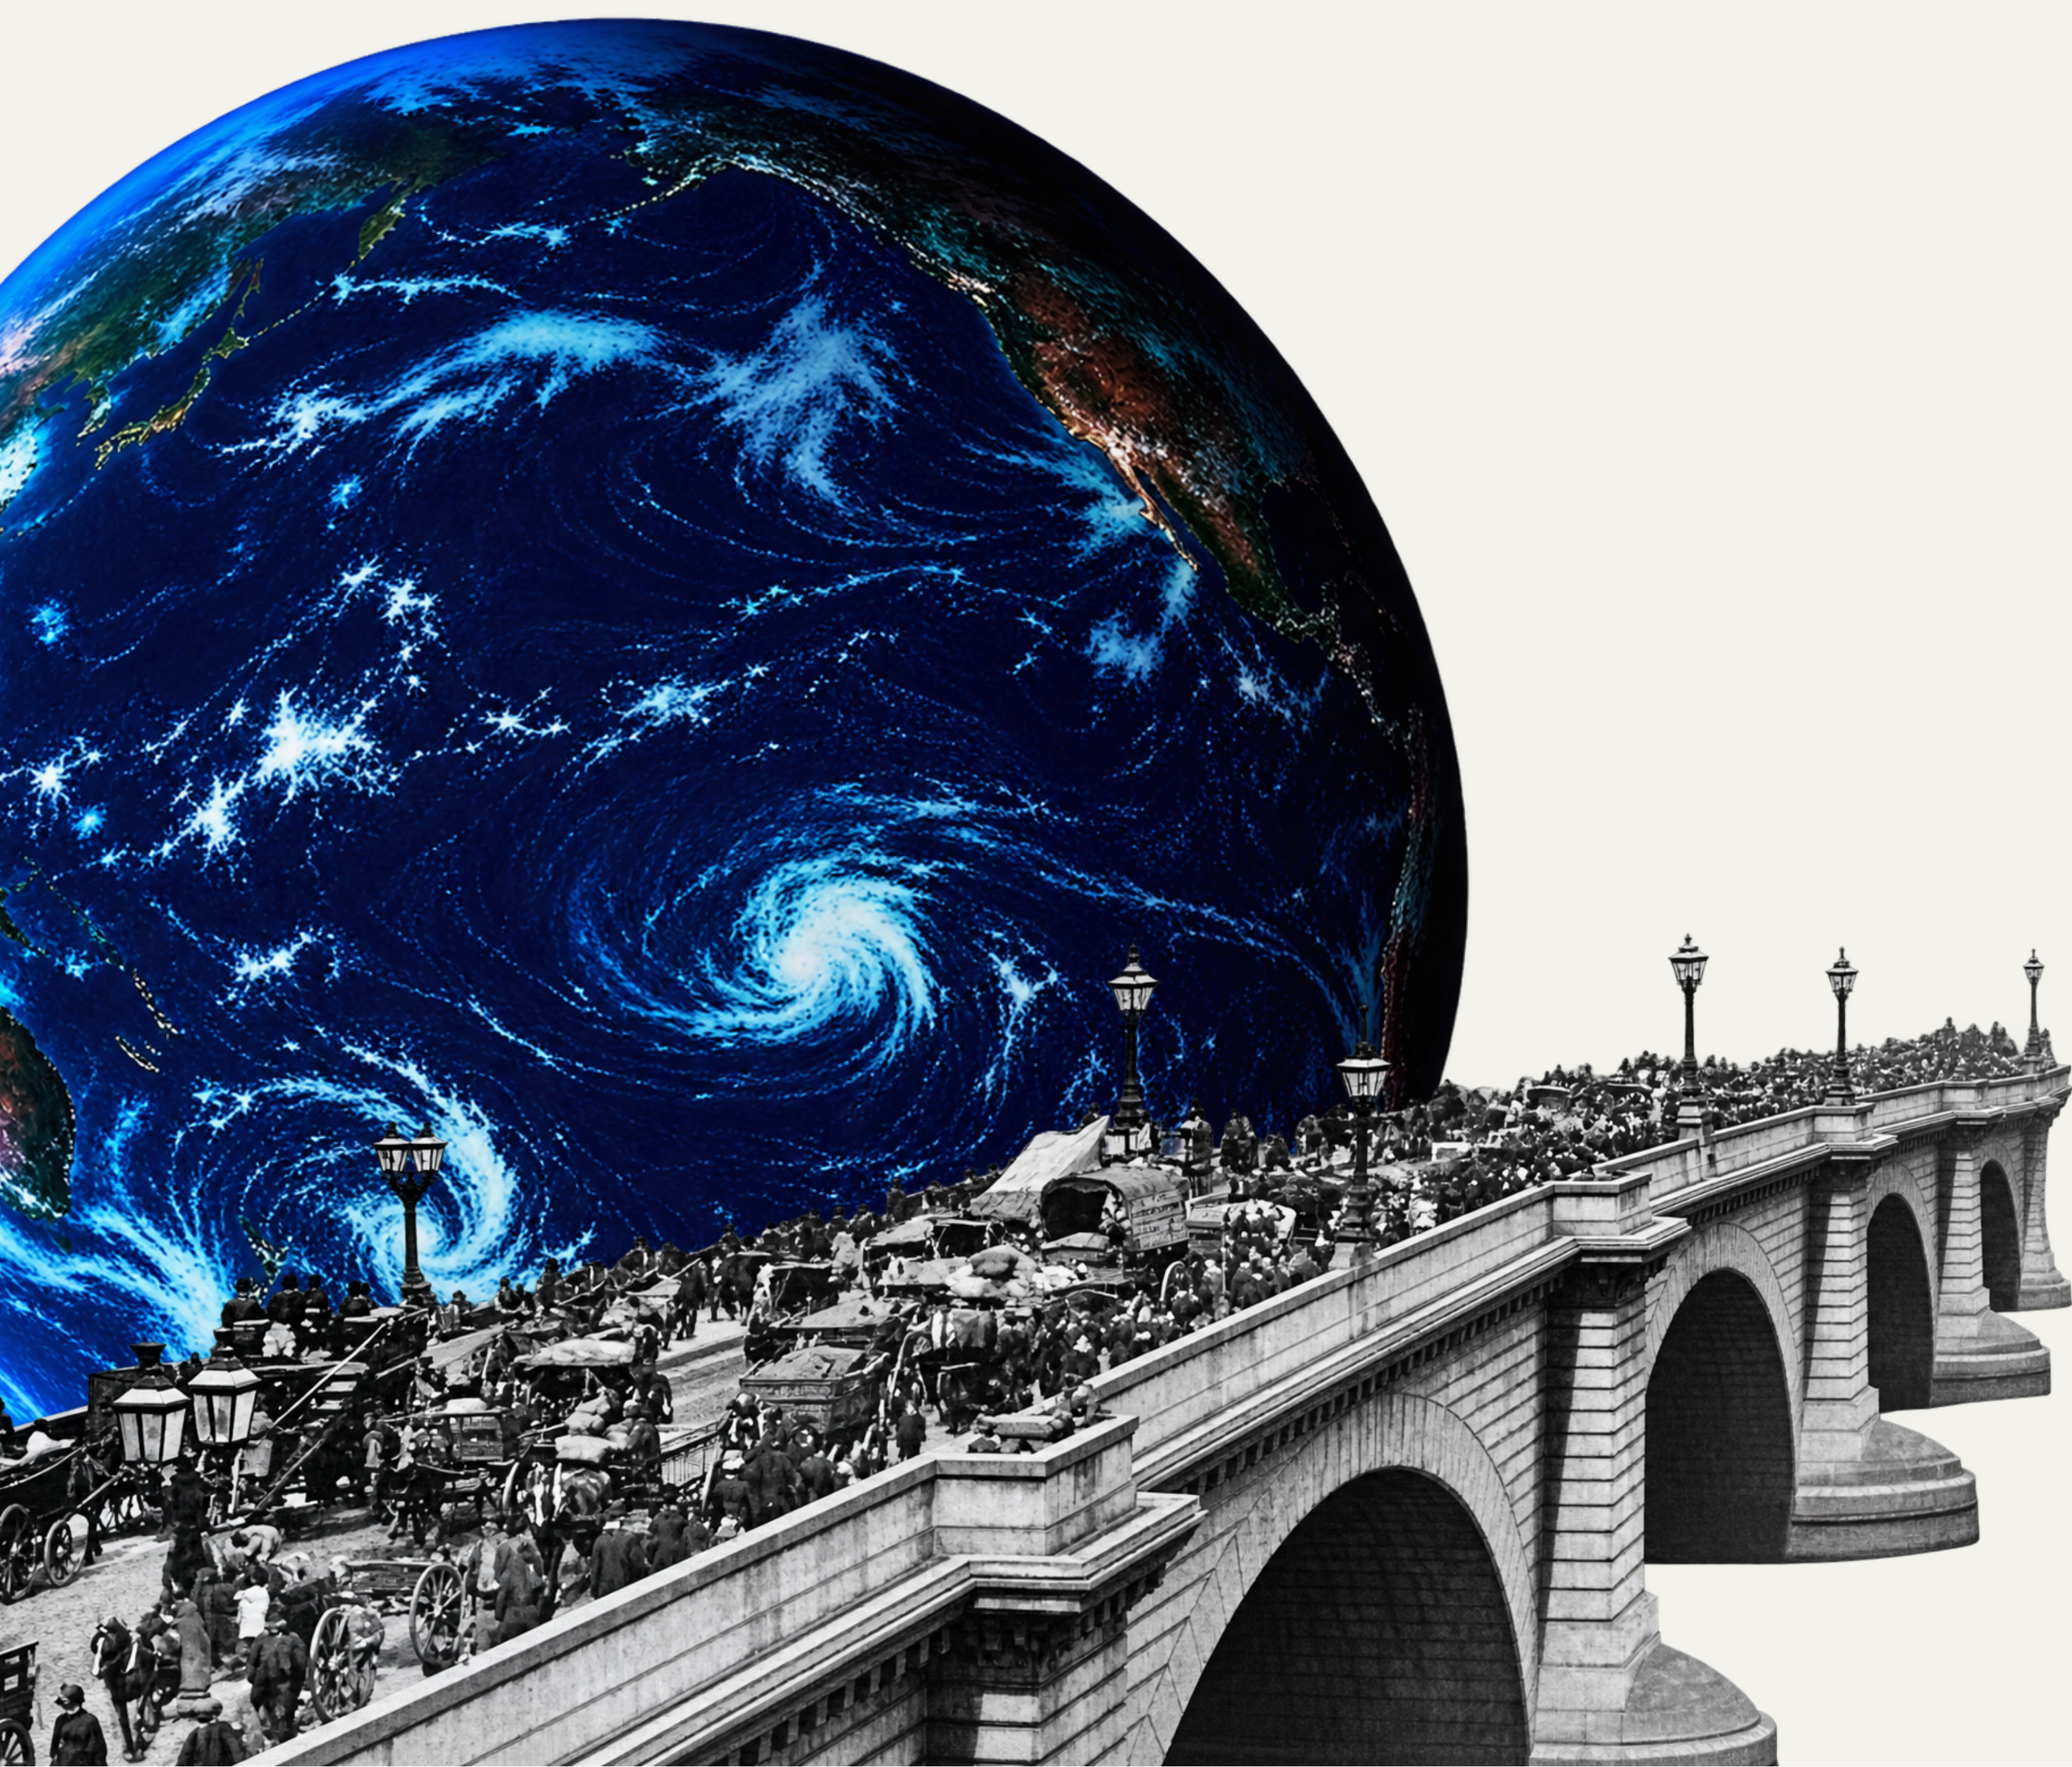

IMPACT YOUR
LEARNING WITHIN
SUSTAINABILITY

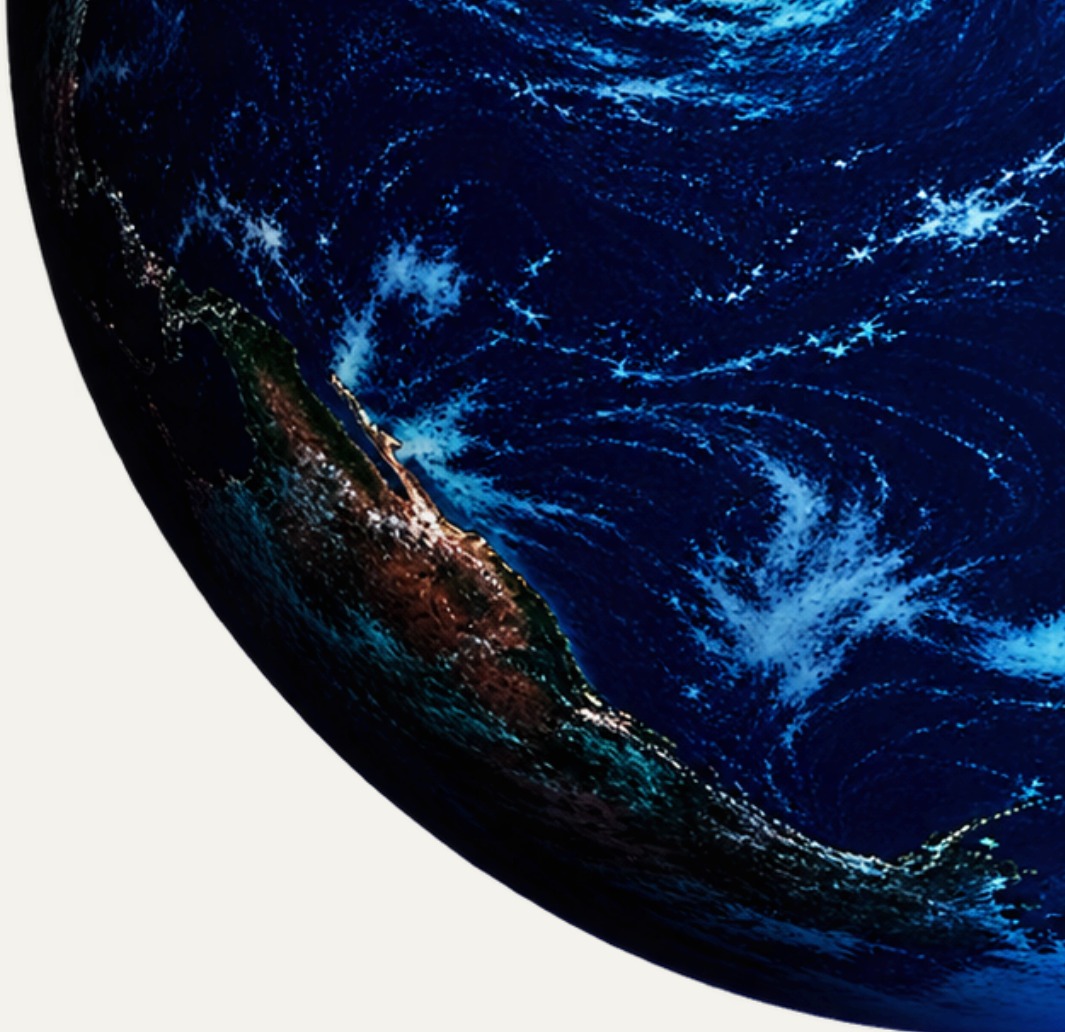

RUC

Why is

LIVING IN THE ANTHROPOCENE

an open course?

The open course
is a pilot project to invite
all interested students
and other stakeholders
to have their say on
**how a mandatory
climate course could
look like here at RUC**

WHY SHOULD I ATTEND?

On the course you will receive ECTS credits if you have chosen it as your elective.

IF you haven't selected it as an elective you can **STILL** attend and have a say on **future learnings within sustainability at RUC!**

As this is a pilot-project for how a future mandatory climate course could look like here at RUC!
